The Haunting of Twenty-First-Century America (The Haunting of America)

Joel Martin, William J. Birnes

The Haunting of Twenty-First-Century America (The Haunting of America) Joel Martin, William J. Birnes

In this companion volume to *The Haunting of America* and *The Haunting of Twentieth-Century America*, national bestselling authors William J. Birnes and Joel Martin explore today's intellectual and spiritual awakening—one that is challenging traditional belief systems.

Birnes and Martin show that, though many governments deny the importance of a spiritual component to national policy, even the most conservative governments have based social and financial policy decisions on a profound belief in the existence of the paranormal, ghosts, and spirits. From using psychic spying programs to gather intelligence on enemy nations to investigating the use of mind control to impede the abilities of hostile troops, the U.S. government has continuously developed paranormal weapons and tactics alongside their more mundane counterparts. U.S. Presidents from Franklin Pierce through Ronald Reagan regularly relied on the paranormal, using trance mediums, channelers, and astrologists to help plan agendas and travel schedules.

The Haunting of Twenty-First-Century America is unlike any American history you will ever read—it posits that not only is the paranormal more normal than most people think, but that it is driving current events to a new "Fourth Culture" of the twenty-first century.
