The news is full of it. But most Christians know very little about it. Economics: it's everywhere, influencing everything and so rarely understood.

Economics for Everybody seeks to remedy that through an insightful and entertaining exploration of the principles, practices, and consequences of economics. Thoroughly unconventional, it links entrepreneurship with lemonade, cartoons with markets, and Charlie Chaplin with supply and demand.

If you're confused about economics, this is the place to begin. We not only explain how economics works, we show how economic freedom is directly related to religious freedom; we explore the differences between socialism, interventionism, and free markets; and we explain how stewardship is at the heart of a healthy economic system.

Chapters on each lesson include:

Message Introduction, Scripture Reading, Learning Objectives, Quotations, Lecture Outline, Discussion Questions, Multiple Choice, Short Answer, and For Further Study recommendations. This guide also includes an extensive list of additional study resources.
