Aspects of Amos: Exegesis and Interpretation (The Library of Hebrew Bible/Old Testament Studies)

The volume brings together eight new essays on Amos, which focus on a range of issues within the book. They represent a number of different approaches to the text from the text-critical to the psychoanalytical, and from composition to reception. Arising out of a symposium to honour John Barton for his 60th birthday, the essays all respond, either directly or indirectly, to his *Amos's Oracles Against the Nations*, and to his lifelong concern with both ethics and method in biblical study.
