## **Creating an Agile environment: Less planningmore doing** Melanie Franklin

This booklet will guide you to implement an Agile environment in your own organisation.

If you are responsible for driving change in your organisation but come up against resistance, consider creating an agile environment. Drawn from experts that have to react to rapid changes in product development, organisational structure or competitive environment, adoption of Agile processes and techniques have been growing exponentially over the past 3 years.

I have developed this short guide based on my experience of helping leaders increase the pace of change.
