Norway's History Book from Edge of time until 2005 Nicholas Carlson

This book take us from the start of the nation Norway it's history from edge of time until 2008 – begun with Norway as a Viking root population nation from edge of time but Norway's Vikings was almost complete determinated by the Catholic church a true holocaust from the year of 1030 – after that Norway as great populated nation just with some people left became just a province under Denmark fore 400 years – in 1814 it came to a union between Sweden and Norway – the ground foundation law was created in 1814 at Eidsvoll in the very south of Norway – but Norway did not become independent nation until 1905 and is thereby a very young nation – the history tells what happen all form this point in history very shorty described is the history iself about though big happing fore Norway in 1905 – 7th of June 1905 – when Norway became independent – more in detail is described the war history of Norway during last world war. What did happen in Norway. But to add an importand information giving was that the one who became King of Norway was Haakon who really else should if not become King of Norway in 1905 become King of Denmark. He made himself with the whole King family mark history and Norway's peoples hard fight against the nazis during world war two and never that fight in history be ever forgotten.
