By default, these events happen to people without their direct permission or participation... but it does not have to be that way. This book "Command the Night: Daily Prayer Manual" is a unique book that provides you with the spiritual tools with which to consciously participate in and determine the outcome of night-time events concerning your life. Using the undiluted Word of God, prayers, commands and songs, this book shows you the proper way to close your day in order to enjoy divine security, dominion and peace throughout the night.

This book is relatively short by design so that you can complete all the prayers before you sleep. If you read and do the content of this book every night, you will become empowered to successfully program the events of the night to work in your favor and therefore benefit from divine protection (from any sort of misfortune or attack - physical or spiritual), night-time divine visitations, divine interventions, divine instructions, sound sleep and several other divine blessings available at night.
