Magic works because of a number of Hermetic Principles: by putting strong positive intentions out into the Universe, you can influence things on a higher plane of existence. In time, these changes will manifest themselves on the material plane -- the world that you and I both live.

In other words, magic is a way to harness the unseen energy of the Universe into particular thoughtforms that work to effect a change in the physical world.

This might all sound rather complex, but we'll be exploring these principles in detail throughout this book to give you a solid grounding in candle magic.
