Mel Bay Electric Bass Position Studies Roger Filiberto

The versatility of the Electric Bass has drawn the attention of musicians and jazz “buffs” throughout the world. While not a lick book itself, this book will teach you the skills necessary to master many contemporary bass lines and patterns. An ideal supplement to any bass method. This well-written text contains solos, etudes, and various studies in a number of positions. In addition, it integrates position playing with riffs, phrases, and chords. It is a valuable course of study that familiarizes the student with key relationships up the neck.
