Popular Dissent, Human Agency and Global Politics (Cambridge Studies in International Relations)

Roland Bleiker

This book examines a wide range of dissident practices, from street protests to political poetry, in an attempt to demonstrate that they are becoming an increasingly important aspect of global politics. The author draws on several case studies, including an analysis of the events that led to the collapse of the Berlin Wall. The theoretical discussions focus on how people influence the course of politics at a time when boundaries between domestic and international spheres are blurring.
