The Mage Ranking Tournament is back - a show of power and prowess that the entire universe stops to watch - except, perhaps, the one person who needs the help of none but the High Mage. Whosoever takes the High Mage medallion in this tournament also has to find out exactly what happened in the highest-security location in the universe.

There are several skeletons in some rather high profile closets, and they are making a fair bit of ruckus as the newly acknowledged High Mage leads the others into their next investigation - with a few personal surprises in turn.

Certain things must never stay hidden.
