The iPad Project Book Michael E. Cohen, Dennis Cohen, Lisa L. Spangenberg

Bridging the gap between the palm-sized iPod touch and a full-sized computer, Apple's iPad offers enough screen area and horsepower to perform the day-to-day tasks most people want to do. Packed with practical knowledge, this book will walk readers through how to manage their most common projects, from the simple (setting up a calendar event) to the complex (planning a vacation) and everything in between. Readers will learn to use the iPad tools and applications by using them to create practical real-world projects and to master everyday tasks.

In this practical hands-on guide, you'll learn how to

- Organize a party: Set up the calendar event, create invitations, invite attendees, and mail out the invites.
- Build a recipe scrapbook: Write up recipes in Pages (or find recipes via one of the useful recipe apps) and import pictures of the finished dish to go with the recipe in the book. Even learn iPad kitchen tips!
- Plan a vacation: Buy tickets, find destination activities, and map out directions.
- Watch videos: Stream videos with Air Video, convert high-quality movies from DVDs, and buy or rent videos from the iTunes Store.
- Get smart: Learn another language with one of the many translation apps available, and build an illustrated deck of flash cards with common words and phrases.

Plus many more useful projects—both big and small— to help you do stuff with your iPad.

From reader reviews:

Jimmy Martinez:

Do you have favorite book? If you have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each book has different aim or goal; it means that book has different type. Some people feel enjoy to spend their time for you to read a book. These are reading whatever they get because their hobby will be reading a book. How about the person who don't like looking at a book? Sometime, man or woman feel need book whenever they found difficult problem or perhaps exercise. Well, probably you should have this The iPad Project Book.

Edgar Curtis:

The book The iPad Project Book can give more knowledge and also the precise product information about everything you want. Why then must we leave the good thing like a book The iPad Project Book? A number of you have a different opinion about book. But one aim which book can give many facts for us. It is absolutely proper. Right now, try to closer together with your book. Knowledge or information that you take for that, it is possible to give for each other; you could share all of these. Book The iPad Project Book has simple shape but the truth is know: it has great and big function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Garth McDonald:

What do you about book? It is not important along with you? Or just adding material when you require something to explain what yours problem? How about your extra time? Or are you busy individual? If you don't have spare time to complete others business, it is make one feel bored faster. And you have extra time? What did you do? All people has many questions above. They have to answer that question due to the fact just their can do this. It said that about publication. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need this particular The iPad Project Book to read.

Ryan Strausbaugh:

In this era globalization it is important to someone to get information. The information will make anyone to understand the condition of the world. The healthiness of the world makes the information much easier to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher that will print many kinds of book. Typically the book that recommended to your account is The iPad Project Book this publication consist a lot of the information on the condition of this world now. This particular book was represented how do the world has grown up. The language styles that writer use to explain it is easy to understand. The writer made some study when he makes this book.
