The Logstash Book James Turnbull
Updated for Logstash 2.2.2!

A book designed for SysAdmins, Operations staff, Developers and DevOps who are interested in deploying a log management solution using the open source Elasticsearch Logstash & Kibana or ELK stack.

In this book we will walk you through installing, deploying, managing and extending Logstash. We're going to do that by introducing you to Example.com, where you're going to start a new job as one of its SysAdmins. The first project you'll be in charge of is developing its new log management solution.

We'll teach you how to:

* Install and deploy Logstash.
* Ship events from a Logstash Shipper to a central Logstash server.
* Filter incoming events using a variety of techniques.
* Output those events to a selection of useful destinations.
* Use Logstash's awesome web interface Kibana.
* Scale out your Logstash implementation as your environment grows.
* Quickly and easily extend Logstash to deliver additional functionality you might need.

By the end of the book you should have a functional and effective log management solution that you can deploy into your own environment.

Updated for Logstash 2.1.1!

Earl Wright:

You can get this The Logstash Book by look at the bookstore or Mall. Just simply viewing or reviewing it can to be your solve difficulty if you get difficulties for ones knowledge. Kinds of this book are various. Not only by means of written or printed and also can you enjoy this book simply by e-book. In the modern era like now, you just looking by your local mobile phone and searching what their problem. Right now, choose your ways to get more information about your guide. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose appropriate ways for you.

Michael Robinson:

As a scholar exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this The Logstash Book can make you really feel more interested to read.
