Two-String Harmonic Outlines for the Guitar Guy McRoskey

This publication consists of five oversized (11"x17") laminated sheets which present two-string harmonic outlines of the most commonly used scales - Major, Dorian, Mixolydian, Aeolian, and Harmonic Minor. The two-string harmonies are presented with a G tonic, but are moveable to any key. Two-string harmonies form the basis for many great licks, and can be employed nicely to harmonize a melody. And, working with this material will promote a greater visualization of note relationships on the fretboard - an important and challenging task for students of the guitar.
