Mira James is on a mission to smack her sister senseless. Recently, her life had come crashing down around her and she needed her sister. But contacting her was getting harder and harder to do. It hurt. Her best friend was barely in her life anymore and Mira was done with giving her space. All that was separating them now was a giant man with a smirking grin. The brute was going to get his ass handed to him if kept Mira from her sister.

Owen Purcell was the Adirondack Pack alpha and had just met his match. Sadie's younger sister was a sassy little thing and he couldn't help but smile around the Rabbit. It may not be the wisest thing he's ever done but there was chemistry between them that couldn't be ignored. Getting her on board may not be the hard part, but keeping her around would be.

Canidae has upped their antics and plan to hurt Owen where he feels it most. He'll need to protect those in his pack and the little Rabbit that has found herself in the wolf's den.
