Roman Catacombs and the Vatican Necropolis: A Guide with Reconstructions (Past & Present)

Philippe Pergola

This is a book that was part of a major 20th century innovation in book design -- photos of historic sites with overlays that, when flipped down, reveal how the sites originally appeared. A deliciously analog book format which, sadly, is now fading away.

This book also provides readable and enlightening commentary by the great Phillipe Pergola. Hardback with dustcover, 71 pp, illustrations throughout, maps.
