UFOs: Generals, Pilots and Government Officials Go on the Record UFOs

An Air Force major approaches a brilliant UFO in his Phantom jet over Tehran. He repeatedly attempts to fire on unusual objects heading toward his craft, but his missile control is locked & disabled. Witnessed from the ground, this dogfight becomes the subject of a secret report by the US Defense Intelligence Agency. In Belgium, an Air Force colonel investigates a series of widespread sightings of unidentified triangular objects. He sends F-16s to attempt a closer look. Thousands of eyewitnesses, including on-duty police, file reports. A photo of an unidentifiable craft is retrieved & analyzed. Here at home, a retired chief of the FAA's Accidents & Investigations Division reveals the agency's response to a 30-minute encounter between an aircraft & a gigantic UFO over Alaska, which occurred during his watch & is documented on radar. Now all three of these notables have written 1sthand accounts about these incidents. They are joined by Air Force generals & a host of high-level sources-including Fife Symington III, former Arizona governor, & Nick Pope, former head of the British Defence Ministry's UFO Investigative Unit-who have agreed to detail their UFO encounters & investigations for the 1st time. They're coming forward because of Leslie Kean, an investigative reporter who's spent a decade studying the UFO phenomenon. She reviewed hundreds of government documents, aviation reports, radar data & case studies with corroborating physical evidence. She carefully examined scientifically analyzed photos & interviewed scores of high-level officials & aviation witnesses from around the world
