Understanding Your Baby (The Tavistock Clinic - Understanding Your Child) Sophie Boswell

Why do some mothers and babies take to breast feeding while others don't? And what are the emotions involved for mother and baby when the baby rejects a feed, or when breast feeding stops? What happens when parents and their babies have to negotiate separations, or deal with night-time crying? What if your baby's distress makes you feel that you cannot cope? This book takes the reader through the entire first year of a baby's life, anticipating parents' questions and covering topics ranging from parental feelings during pregnancy to a 10-month-old's sociability and deepening relationships.
