Eli and Clara's story continues as she tries to finish high school. Eli is as over protective as ever and Tate and his group of friends are no help. They wait for the Horde, always looking over their shoulder. But the ever annoying but strangely prophetic bird begins to become more of a chatter box and Eli learns something that could change some things. Not just for him and Clara, but Devourers everywhere.

Then an unexpectedness guest comes forcing Eli to flee with Clara, leaving her temporary family behind. She is thrown into his world of underground 'traitors' and learns much of his past. They meet many new people and creatures along the way to freedom. But when tragedy strikes the two, will Clara see the monster in Eli? Can she handle his strange world and awful past? Will one of them lose their life forever...
