"I love when the author leaves out the "fluff" and gets right to the good stuff.  
This is a case of less pages is more.  
Very easy clear instructions on how to make changes in any behavior as soon as you read this book.  
For example, every time I think I need to eat I use this quick technique and it works to help me not "boredom eat."

The Five Minute Journal for any Behavior Change was created over years of private and public practice using proven elements of positive psychology and a very simple self-administered cognitive therapeutic technique that can make all the difference in an individual's quality of life.

**WHY I LOVE "THE FIVE MINUTE CHANGE":**
