Shae is the typical type A personality that can be found at most colleges around the country. She had a plan that did not involve much else than her studies and the many jobs needed to cover rising tuition hikes. **Her life was busy and full, but there was something missing that she did not even know she needed.**

Caspian was different, his search was specific and he knew exactly what he was looking for. He was looking for his mate, to be shared with his other dragonkin partner. He sat perched on a hillside because an old woman had promised him that his long wait was over. When he hears a scream, he knows that the woman who needs saving, is the one he has spent a decade waiting for.

**Shae feels an instant connection to her savior and things get hot between the two of them almost immediately.** It is only when Cass starts talking of a third and dragons that she realizes that she is way in over her head. **Will Shae be able to handle the new twist life has given her or will she yearn for the driven life that she was used to? Can she really let go?**
