William T. Sherman

The Memoirs of General W. T. Sherman, Complete (Illustrated) William T. Sherman

Nearly ten years have passed since the close of the civil war in America, and yet no satisfactory history thereof is accessible to the public; nor should any be attempted until the Government has published, and placed within the reach of students, the abundant materials that are buried in the War Department at Washington. These are in process of compilation; but, at the rate of progress for the past ten years, it is probable that a new century will come before they are published and circulated, with full indexes to enable the historian to make a judicious selection of materials.

What is now offered is not designed as a history of the war, or even as a complete account of all the incidents in which the writer bore a part, but merely his recollection of events, corrected by a reference to his own memoranda, which may assist the future historian when he comes to describe the whole, and account for the motives and reasons which influenced some of the actors in the grand drama of war.
