****Amazing Bonus Inside: Gift Romance books Collection****

After Amanda Trent's ex taped their sex and posted the video on the internet, she went through a rough breakup and moved back to her hometown. She's managed to keep it hidden for years. She never stays with one guy for too long, afraid of the repercussions of making another wrong guy mad. Over time she's honed her skills at spotting the wrong guys. She can spot a bad guy a mile away, like some sort of dating superhero. She never spotted Devon Steele, though.

Devon Steele never had time for women. They asked for too much of him and he had things he'd rather do. He'd been on the road for years with his brother, doing the rodeo circuit. When he moved back home to take care of his parents' ranch, he didn't plan on things being any different. Keeping women at an arm's reach was normal. He'd been burned at a young age and had no intention of it ever happening again. When he bumped into Amanda Trent looking to hit on his older brother one night, though, he knew he had to have her in his bed.

One night and a bad confession left Amanda running every time she saw Devon coming. He knows her secret and she can't help but feel threatened. With her best friend getting married to Devon's older brother, she can't seem to avoid the annoying man, though. As maid of honor and best man, they are shoved together for everything. It doesn't help matters that her best friend is playing matchmaker.

Devon isn't nearly as upset about the close quarters as she is. He's been chasing after the woman for months, trying to apologize and get another chance with her. Amanda just wants to be left alone with her secret. Will Amanda be able to get through the wedding without becoming a laughing stock? Will Devon be able to convince her that he's not the bad guy she thinks he is? What will both of them do when an unexpected guest shows up at the wedding?
