**EU Justice and Home Affairs Law (Oxford European Community Law Library)** Steve Peers

This book examines in detail the body of EU law relating to Justice and Home Affairs. In turn, it looks at the decision-making and judicial rules which the EU applies in these areas, then examines the extensive EU law on visas and border controls, regulation of legal migration, control of illegal migration, criminal law definitions, criminal procedure, and policing and customs.

Throughout the book, there is a focus on the tension between the objectives of controlling migration and fighting crime on the one hand and human rights and civil liberties principles on the other. This theme is one of the particularly important developments in this area which arose after the attacks of September 11, 2001. This unique overview and critique of the EU law on Justice and Home Affairs is a one-stop source for information and analysis on a highly topical area of increasing concern in international politics, and one which is bound to have increasing impact
