For courses in Technical Communication.

This package includes MyWritingLab™.

A focus on oral and written correspondence in all fields

Reader-friendly ***Technical Communication: Process and Product*** shows students how to produce all forms of written and oral technical communication with easy-to-follow instructions. Interesting scenarios and examples featuring real people on the job relate text material to potential careers for students.

The **Ninth Edition builds upon the authors' proven methodology**, emphasizes the writing process, and shows students how it applies to both written and oral communication. By showcasing real employees in communication scenarios across a wide range of disciplines — from engineering, to consulting, banking, construction, and biotechnology — the authors showcase the importance of strong communication skills within every field.
