Two pains at a time, sir. That's what you're dealing with. A pain in your chest and a pain in the arse, that's all you can expect from such a situation. But don't worry, we're here to help you.

The first thing you have to know is that we all have to go through this at least a few times until we get our perfect match, so the first thing you should do is asking your gay friends for advice, since most of them have a few things to say about this. And yes, we are aware of the irony of an advice book actually telling you to ask your friends for advice.

Then, why keep reading? Because most people will tell you to forget about it, there's no way, yadda, yadda. And guess what? They're mostly right, except for the bit where they don't add the most annoying word ever: "But".

And because there is a "but", there is a book. This book. We are here to help you, so please enjoy the read.
