Mathematically Speaking: Tweets to FBI, Jack Dorsey, Jimmy Fallon & Oprah Winfrey Amanda U Levy

“Mathematically Speaking” is one of the 21 chapters from my memoir, *Stop Bullies with 21 meals from 7 Continents*. It speaks volumes. I levied harsh sentences on bullies. I dispensed credit to good citizens. I am brutally honest. I employed satire. It tends to modify bad conduct. It includes humor, irony, sarcasm, social critique and wit. Laughter is my middle name. I used to be deaf. Bipolar (wicked) women bullied me ceaselessly in Africa and America. They did not terrorize me in Europe. Since I could not always hear them, I laughed off my head. They wrongfully terminated me 50 times. They refused to hire me 5,000 times. Unlike them, I am not violent. Each time, I packed up my attaché case and son’s pictures. I returned home. I poured my disappointments into books. I put pen to paper. I also immersed myself into composing music. A piano rewired my brain and accorded me the motor skills to hear at age 4. Beethoven and Carmichael greatly influenced me. At age 12, I could play 50 pieces of classical music. In 2009, I graduated to composing mine. I forgot 47 songs. During the week of my son’s (Jason) birthday on November 17, 2009, I composed 32 songs. Female bullies kidnapped him on my birthday, June 21, 2003 in Owings Mills, Maryland. Once more, they have terrorized me all my life. My biological mother (African-American) dumped me inside a toilet bowl in Florida. She set the tone. I am not upset. I survived her wrath. God elevated and put me on a pedestal. That’s why I fought civilly for children from June 2003 until 2013 in 40 United States District courts. Judges turned a deaf ear and a blind eye. National Association for the Advancement of Colored People (NAACP) also refused to rescue him from his kidnappers. If truth be told, my father, son and I were used as sacrificial lambs to avenge slavery. In 2013, I diverted to criminal law. Writing is my first love. I drafted 24+ books. I addressed tweets to the FBI, Jack Dorsey, Jimmy Fallon, and Oprah Winfrey. I also dispatched several to Ryan Seacrest. We met once (April 24, 2010). He telephoned me once (March 24, 2011). He copied my style. He founded Ryan Seacrest Foundation and the first music center in Atlanta. I was on cloud nine. So, I opted to volunteer for Ryan Seacrest Foundation and play my piano. It was a wild goose chase. Upon arrival, female tyrants forbade me. Next, they pilfered my possessions worth millions. In 2011, bipolar women teamed up with Cuban rapper Pitbull (Armando Christian Perez). They descended upon Ryan like vultures. Anytime a man becomes interested in me, they brainwash, kidnap or kill him. In 2008, they got my former fiancé, Lawrence Spencer into drugs. Then, they ordered him to find men and women to suck penises of Cuban men (bad Latinos) in exchange for drugs. He bugged me 100 times to suck Mayor Antonio Villaraigosa’s penis. My refusal was adamant. They retaliated in an out-sized manner. I have not spoken to my son since Cuban Deputy Sheriffs grabbed my backpack at Union Station on August 20, 2013. Is he alive or dead? On February 11, 2012 and January 31, 2014, they descended upon Whitney Houston and her 21 year old daughter, Bobbi Kristina Brown? Did they kill them? I have incriminating evidence. Pitbull is insanely jealous that Ryan courts me with pictures and videos. I contacted FBI via emails and Twitter. On August 7, 2012, 2 Cuban men and 21 bipolar women attempted to murder me. They served me 12 drinks laced with poison. I did not imbibe them. I only sipped once. It bloated my stomach to amazing proportions. Pitbull is a parasite. Ryan is his host. He uses him to garner money for Cubans. He dropped out of high school to sell drugs. Many Americans perish daily at the hands of drugs. In 2014, Robin Williams also gave up the ghost. We must make America great again. For this reason, “Mathematically Speaking” is for children and adults. November 17 is Jason’s birthday. I published *Mathematically Speaking* on November 17, 2015 to remember him.
