Quick Photo Restoration and Editing Guide (Part 1 - Introduction) Kenny L Keys

This book is a pictorial, tutorial book on learning some of the main user tasks in photo editing and restoration: creating layers, deleting layers, hiding layers, moving layers, pasting as new layer, making layer transparent or less than 100% opacity, deleting the background of a layer, filling the background of a layer with different colors, duplicating layers, merging visible layers, merging all layers, cloning part of an image into another or into another area, erasing content in an image, erasing the background of an image, inserting text into an image or project, changing text color, resizing text, resizing image, changing the image resolution or dpi, changing the pixels in an image, changing the height and width of an image in inches, changing the color pallet, selecting image, unselecting image, selecting areas as a circle, rectangle, rounded corner selection, magic wand selection tool, free-hand selection tool, cropping image, user dropper tool to identify color in an image, while changing the color pallet at the same time, using the redeye tool, adding shapes, using paint brush, using air brush, moving images with the pan tool, zooming into image, changing the brush size, using the pick tool and using the move tool; each of these tasks are visually shown with snap shots of each individual task. This book also quickly touches on color, brightness, and image effects.

This is Part 1 - Introduction of the series; it's the introduction to editing features that you'll be using in this series. In this book, you'll only be introduced to features, but this book will be important to understanding Part 2 - Editing, because these features will be used in editing your images.

This book that is qualified as The Hungry Slopes can get you closer in turning out to be precious person. By looking up and review this e-book you can get many advantages.

Janice Evans:

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Quick Photo Restoration and Editing Guide (Part 1 - Introduction)

can make you feel more interested to read.
