The American love affair with the Bungalow continues. And in this most adored housing style, it is the kitchen that homeowners must most often restore, renovate, or remodel. But no one wants an authentic Bungalow kitchen, which was a rustic space that usually featured just a stove, a hoosier, and a sink.

While there are books that describe the authentic Bungalow kitchen, there are few that show readers how to update a Bungalow to handle today's lifestyle needs and personal preferences. Happily, manufacturers today understand the demand, and there are many material and appliance options for homeowners--and the designers they hire--to bring contemporary convenience and beauty to an updated or new Bungalow kitchen. The New Bungalow Kitchen not only provides wonderful historical nuggets about Bungalow kitchens, it offers a plethora of ideas about how to create a tastefully restored or remodeled kitchen, or build new within the style.
