Legends and folklore are old tales and still are a definite part of our lives. Wherever we go, there will always be stories that the person telling you has heard from someone else or from their ancestors.

Due to the passing down of these stories from one person to the other, the true story often changes and becomes rather distant from the original.

Over the last 300 years, there have been a lot of cases and stories that have been passed from generation to generation. Some of these stories are not traceable anymore. One cannot possibly trace the true root of the story and why it actually happened. Sometimes, one cannot even know for sure if it really happened.

One thing is sure though, over these 300 years, 7 stories made up our top list.

Ever watched Blair Witch Project? Well that movie was based on a supposed true story and that story is the first one in our list. Find out what happens when a family gets haunted by a witch.
